ABOUT ME

Motivated Junior Front End Developer with a strong foundation in HTML, CSS, and JavaScript, along with proficiency in React.js. Additionally, I have a basic understanding of Python, SQL Server, and C#. My focus is on user-centric design and responsive development, and I am dedicated to creating cutting-edge web solutions that enhance user experiences. I am a collaborative team player who thrives in fast-paced environments, continuously improving my skills and embracing challenges while staying up-to-date with industry trends.
